Commissioner for Patents

The reply brief filed September 12, 2007 has been entered in the above identified application.

The IDS filed September 18, 2007 has been duly considered and entered in the above identified application. With regard to US 4,775,439, the Examiner notes that while US '439 disclose a conductive film comprising a small percent of resin (col. 1, line 36 bridging col. 2, line 32 and Example), US '439 fail to teach or suggest the film being transparent, or of further including an impregnated transparent substance (see pending claim 8).
